DETAILED ACTION

The Amendment, filed on July 12, 2007 has been entered and acknowledged by the Examiner.

New claims 13-16 have been entered.

Claims 1,3-5 and 9-16 are currently pending in the instant application.

Allowable Subject Matter

Claims 1,3-5 and 9-16 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 10 the prior art of record does not teach or suggest the combination of limitations as set forth in claims 1 and 10 and specifically the limitation comprising plurality of fixing side strips extending outwardly from the main frame, each fixing side strip having a cathode plate facing surface and an anode plate facing surface, the cathode and anode plate facing surfaces continuously contacting each of the cathode plate and anode plate and maintaining the cathode and anode plates in registration.

Claims 3-5,9,13 and 14 are allowed because of their dependency status from claim 1.

Claims 11,12,15 and 16 are allowed because of their dependency status from claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
